07. CLIENT LIST

Mission

To create thoughtfully designed spaces that align with our client's visions, providing comfort, functionality, and confidence through innovative and personalized interior design solutions.

Vision

To grow Vantagemore Designs into a leading interior design company that not only transforms spaces but also contributes to the prosperity of communities by fostering creativity and empowering the next generation of designers.

Services

1.Space Planning: Optimizing layouts to make the most efficient use of available space, ensuring functionality and flow.

2.Furniture Design & Selection: Custom design and sourcing of furniture to align with the style, comfort, and needs of each project.

3.Interior Styling: Enhancing the aesthetics of a space through carefully chosen décor, art, and accessories.

4.Office Design: Tailored office designs that balance branding, functionality, and employee well-being.

5.Residential Design: Creating personalized, comfortable home environments that reflect the client's lifestyle and preferences.

6.Project Management: Overseeing design projects from concept to completion, ensuring timelines and budgets are met.

7.Consultation Services: Offering expert advice for clients looking to refresh their space or seeking guidance on interior design trends and solutions.

About Us

We are an interior design company with a passion for creating spaces that align with our clients' visions while enhancing comfort and confidence. we specialize in space planning, material selection, and bringing creative concepts to life through visualization techniques.

Our approach combines practicality with creativity, ensuring every space is both functional and aesthetically pleasing. we believe that interior design has the power to transform not just spaces but how people feel within them, and strive to craft environments that inspire and support their occupants.

04. OFFICE SPACE

Elegance and Privacy for High-Profile Law Firm Clients

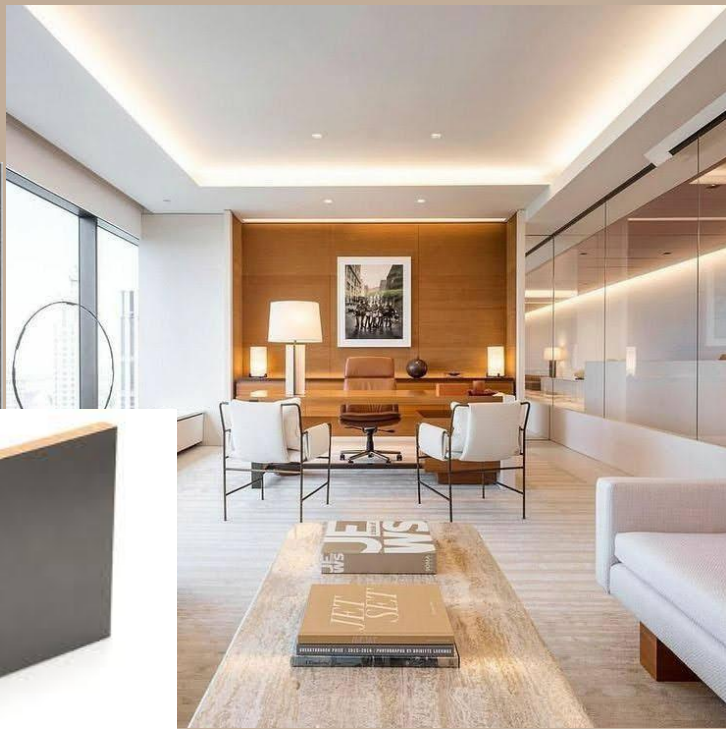

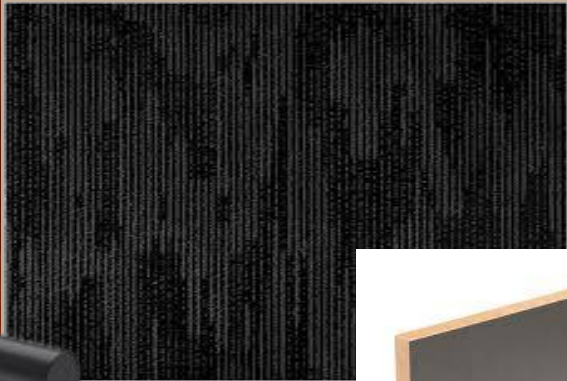

Tasked with transforming a law office into a sophisticated environment that prioritizes elegance and privacy for high-profile clients, the design features minimal mahogany accents, high ceilings, and expansive glass walls. This approach creates an inviting yet secure setting, ensuring that both current and potential clients feel impressed and valued. Large glass doors enhance the space's grandeur while maintaining a contemporary feel that aligns with the firm's vision of discreet elegance.

3D Renders

The renders of the office space brought together the client's vision of elegance with precision and finesse. Each detail to convey sophistication, from the sleek lines of the furnishings to the warm, inviting ambiance of the space.

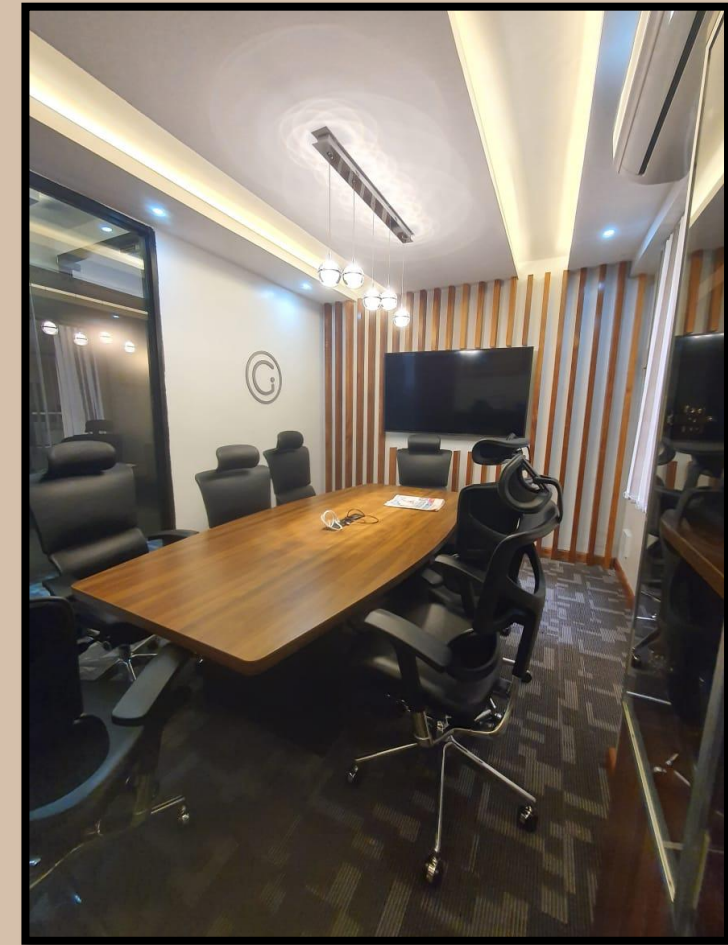

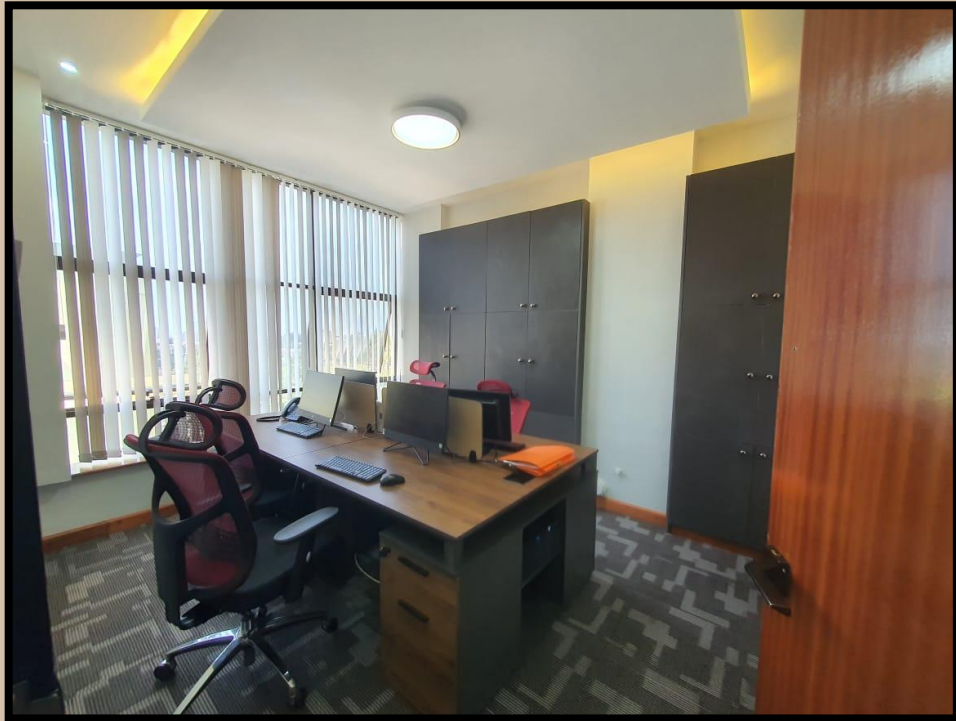

Through our renderings, we capture the essence of professionalism and refinement, ensuring that every aspect aligns seamlessly with the client's aspirations.

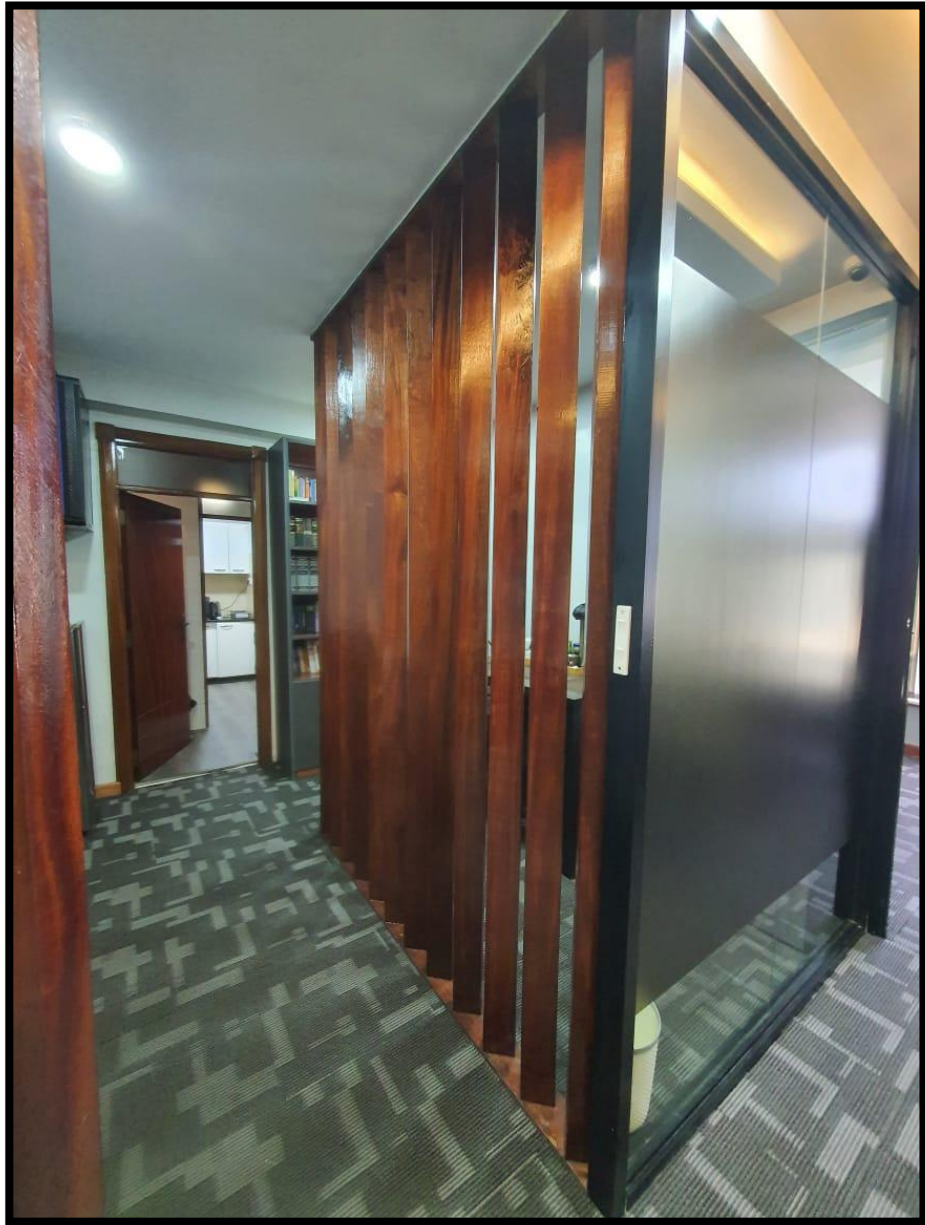

Result

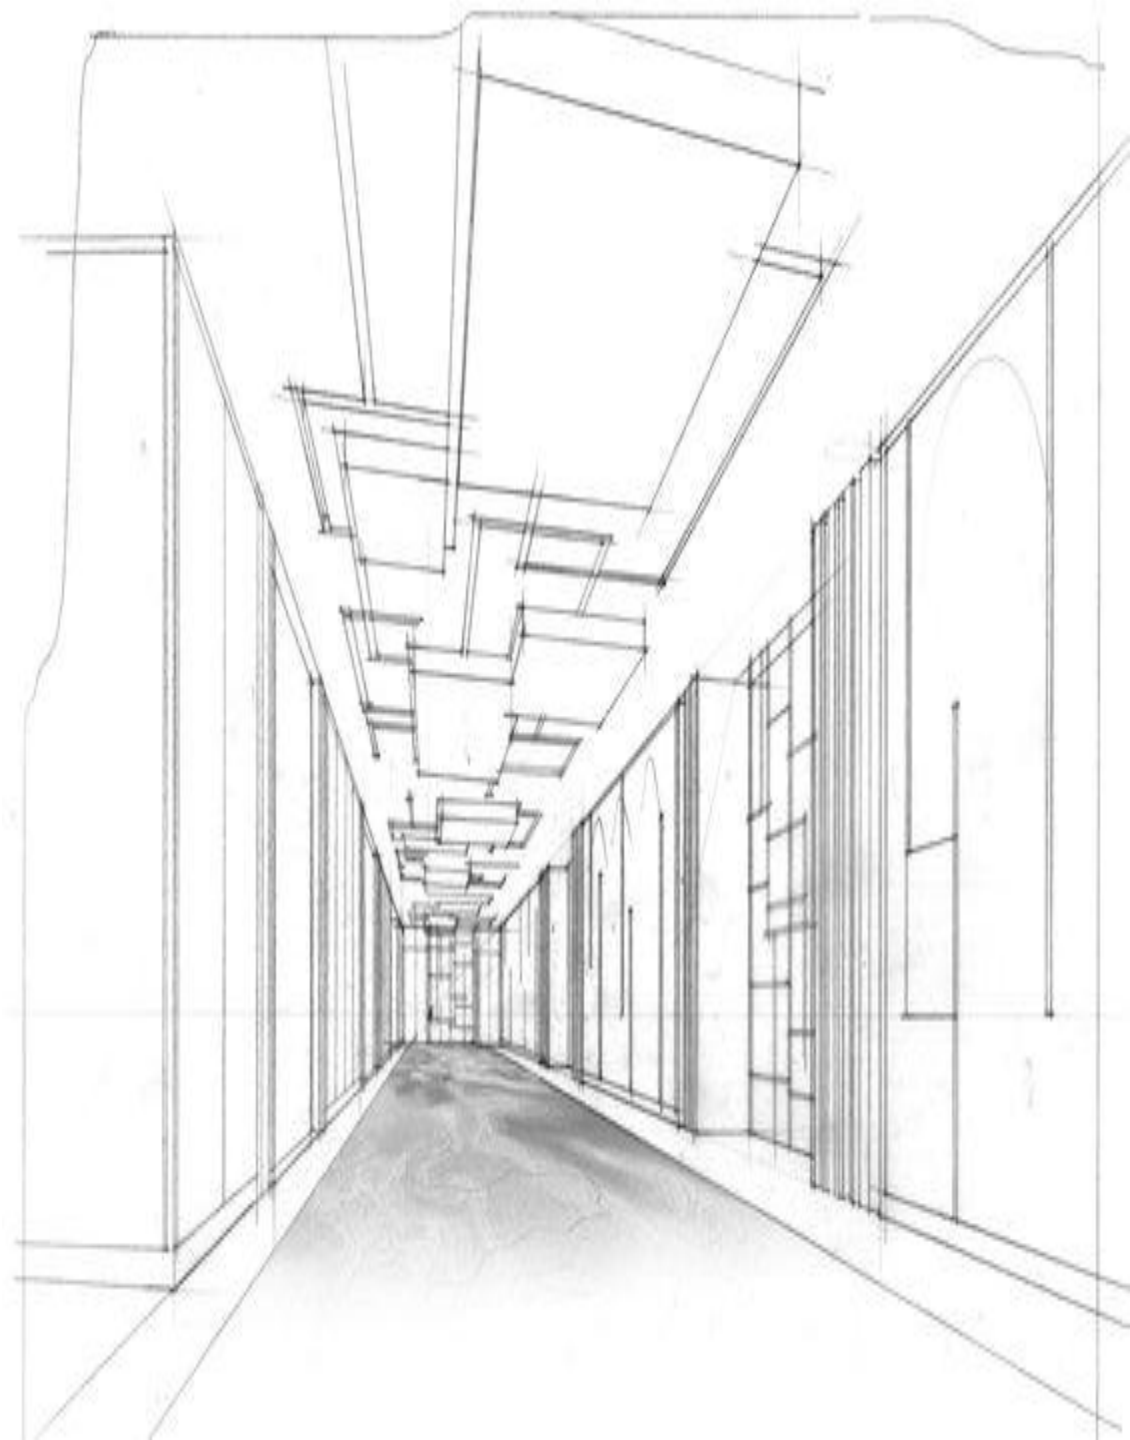

At the culmination of the office space, we successfully realized our client's vision of elegance. Through meticulous attention to detail and a refined aesthetic, we crafted a space that exudes sophistication and professionalism.

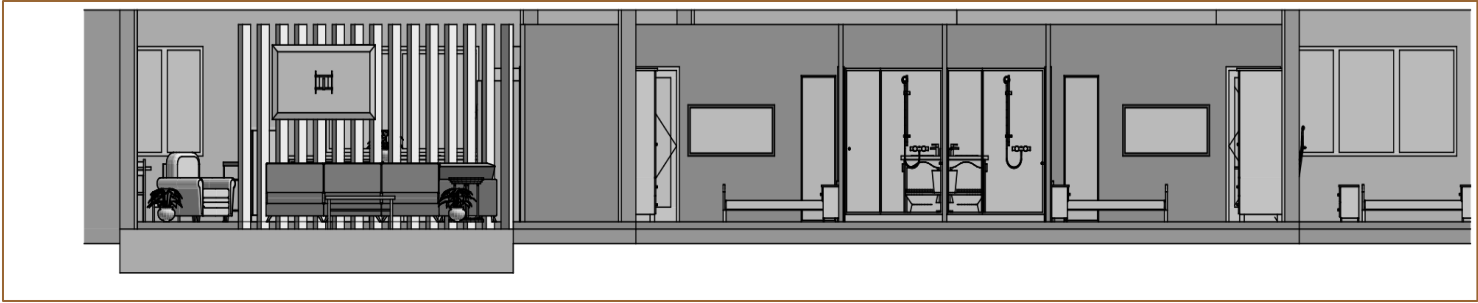

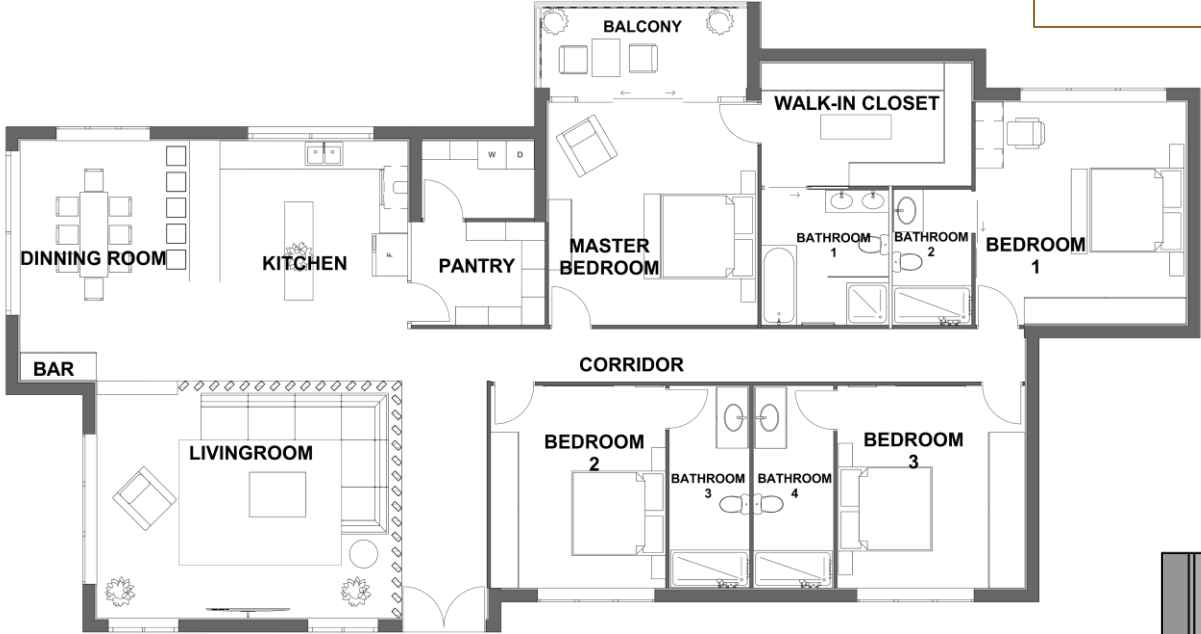

05. RESIDENTIAL SPACE PLANNING

The Bangalow design highlights the importance of space planning in interior design. By optimizing spatial organization and functionality, I transformed the layout into a harmonious living environment that balances form and function, enhancing both aesthetic appeal

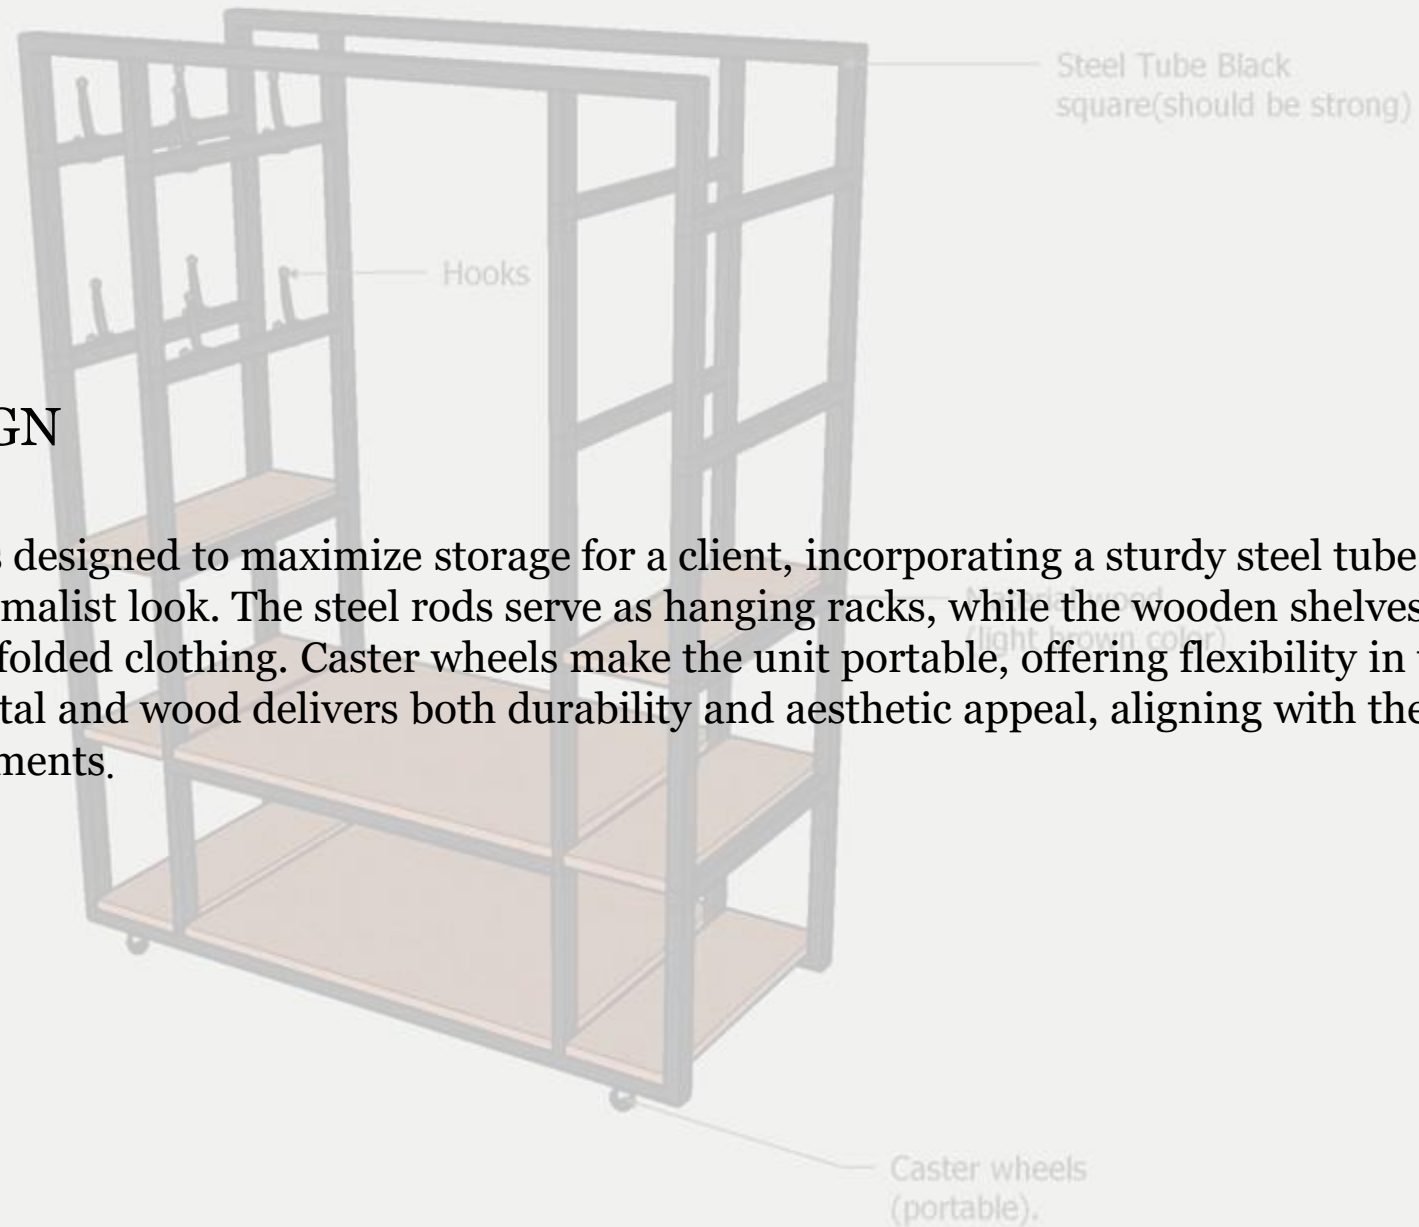

BANGALAW

06. FURNITURE DESIGN

This custom clothing rack was designed to maximize storage for a client, incorporating a sturdy steel tube frame with light wood shelves for a clean, minimalist look. The steel rods serve as hanging racks, while the wooden shelves provide ample space for storage baskets and folded clothing. Caster wheels make the unit portable, offering flexibility in the client's space. The combination of metal and wood delivers both durability and aesthetic appeal, aligning with the client's functional and stylish requirements.

Reception Desk

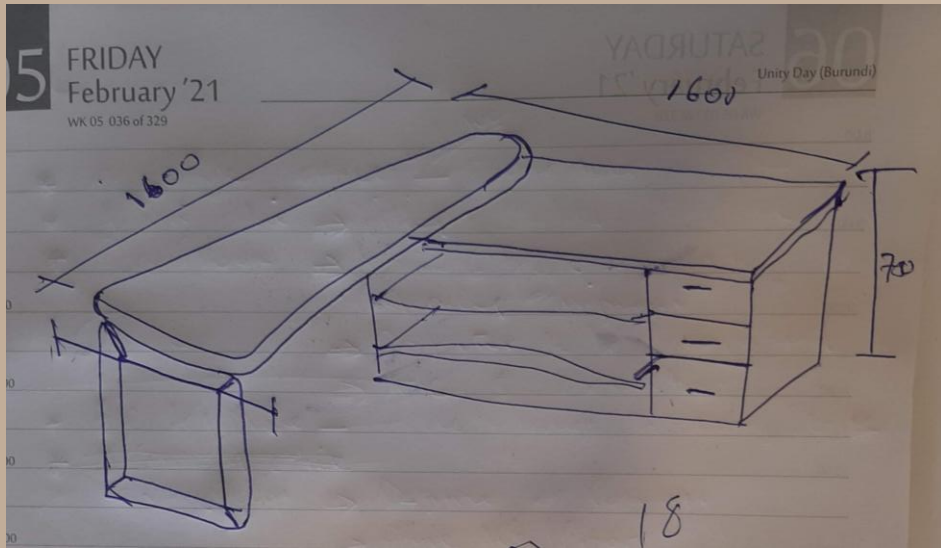

The reception desk, designed flush with the wall, epitomizes innovation and functionality. By harmonizing form and function, not only optimized space but also enhanced the visual flow of the interior
